ROGELIO RIOJAS, CHIEF EXECUTIVE OFFICER

March 18, 2005

William Jackson  
Literacy in the Community  
1122 East Pike Street, Suite 1413  
Seattle, Washington 98122-3934

Mr. William Jackson;

I am pleased to support and recommend the OASES of Literacy Project. The OASES of Literacy Project demonstrates an innovative understanding of issues affecting education and the Latino community. Providing supplemental tools in schools, at community centers, in health centers and in churches will allow Latinos/Migrants consistent access to research based tools regardless their length of stay in any community.

The OASES concept, with its technically advanced supplemental tools, supports language acquisition, reading and reading comprehension. The tools utilized in the OASES of Literacy Project have proven track records increasing reading and reading comprehension scores in other state studies.

I look forward to the OASES of Literacy Project creating the opportunity for families to experience results similar to those experienced in other states.

Sincerely,

Rogelio Riojas  
Executive Director
